If I could save time in a bottle,
The first thing that I'd like to do,

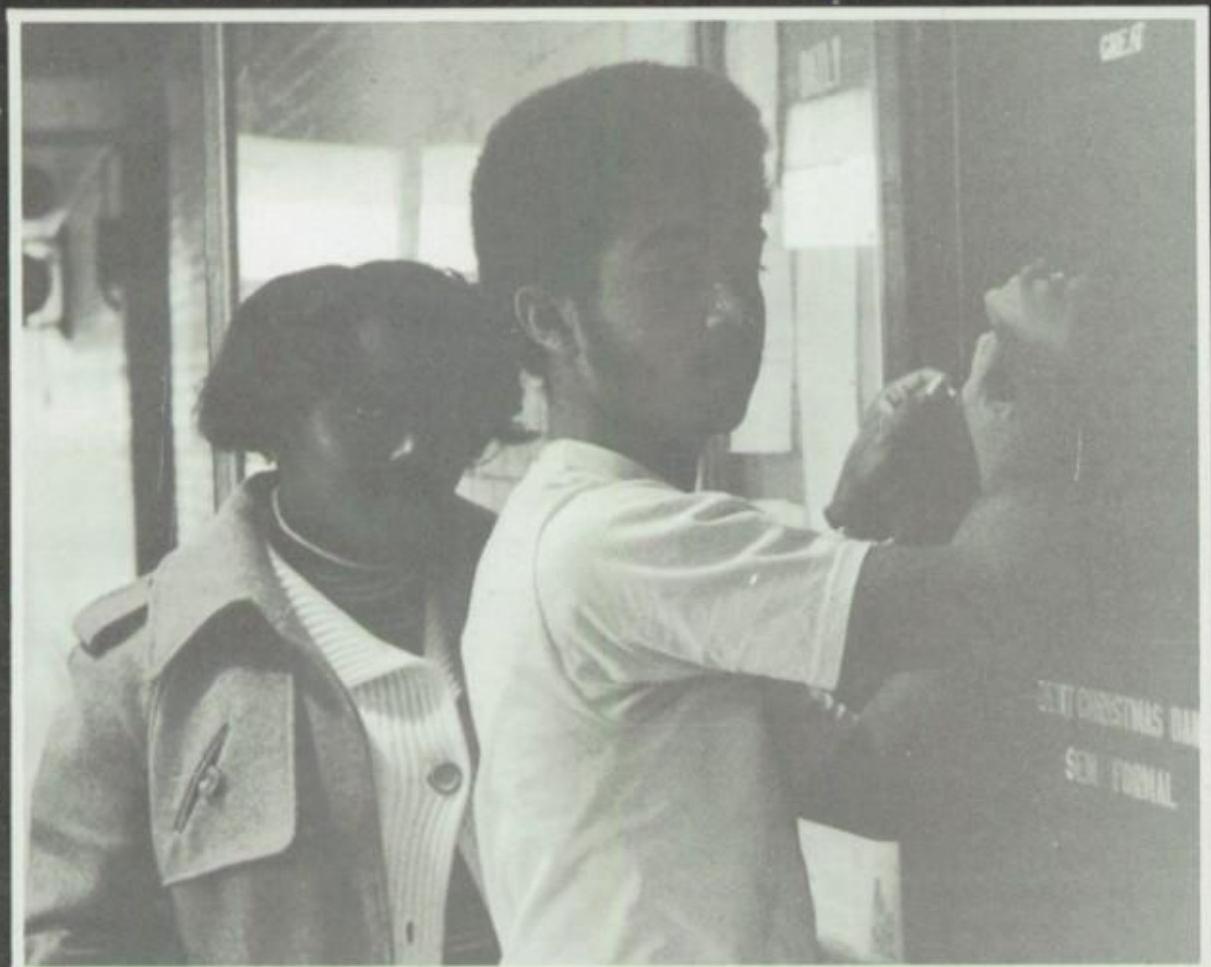

Is to save every day 'til
eternity passes away,
Just to spend them with
you.

But there never seems to be enough time

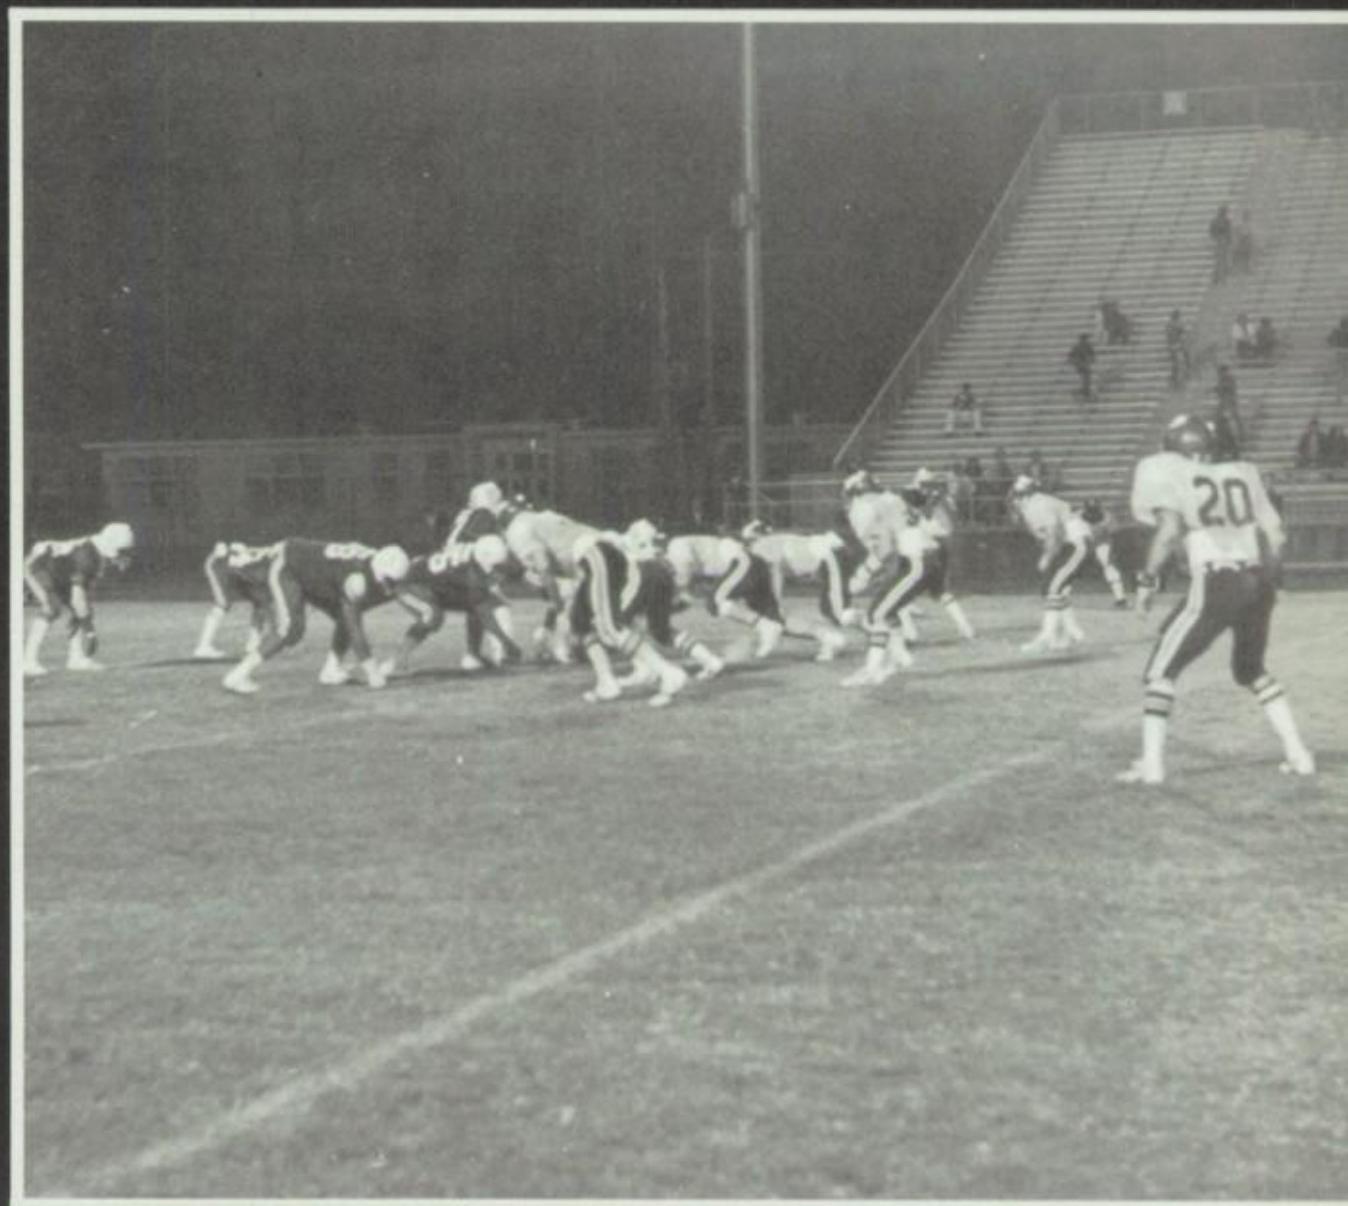

To do the things you want to do
Once you find them.

I've looked around enough to know,

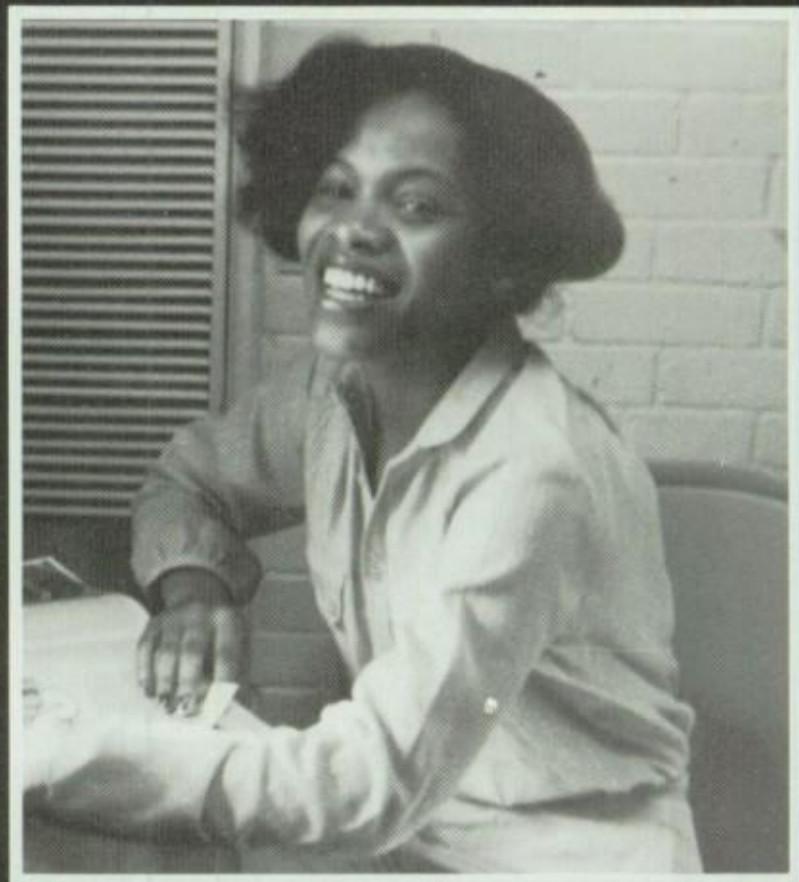

That you're the one I
want to go through time
with.

Homecoming 1979

The homecoming events for 1979 were filled with excitement. The members of the court and the queen, Eleanor Hilton, were chosen in an elegant, talent-filled pageant. The door decoration contest and downtown parade added to the excitement which built up to the Friday night game.

Coach Baker, the head coach of the Warhorse football team, has taught and coached for 18 years. Active in sports his entire life, Coach Baker played all sports in high school, college baseball as well as football, and competitive sports in the Armed Forces. He attended Southern University, Northwestern and La. Tech and has a Master's degree. To Coach Baker, discipline is a very important part of life. His advice to students is to study hard and maintain good self-discipline.

Bottom — Peabody gains big running yardage.

The newest addition to the Peabody coaching staff, Coach William Dearbone, is enjoying his first year teaching Industrial Arts and coaching football. A graduate of Grambling and the University of Houston, Dearbone coached previously for 5 years at Bellire in Houston. He feels that participation in football gives students discipline and teaches teamwork. According to Coach Dearbone, each student should study hard and try to find his own identity.

Coach H. C. Stanfield

Coach H. C. Stanfield, a 1955 graduate of Peabody, came back here to teach Social Studies and coach football in 1978, after receiving education from Texas College, Texas Southern, Sul Ross University, and the University of Houston. Inspired by the late Coach Davis to enter the coaching profession 14 years ago, Stanfield believes that a football team builds character and leadership. He reminds students that nothing good in life comes easily.

Coach Bowman

Coach Ernest Bowman attended Ferriday Senior High School. After finishing there he went to Grambling College where he received a BS degree and Texas Southern University where he earned a Master's degree. He also attended Tulane University, LSU and Southern Kansas State. He has been coaching basketball for 10 years for Peabody High School. He thinks that basketball players should make sure that they really want to play basketball. A player should set goals for both himself and his team; then work, work, work, to achieve these goals.

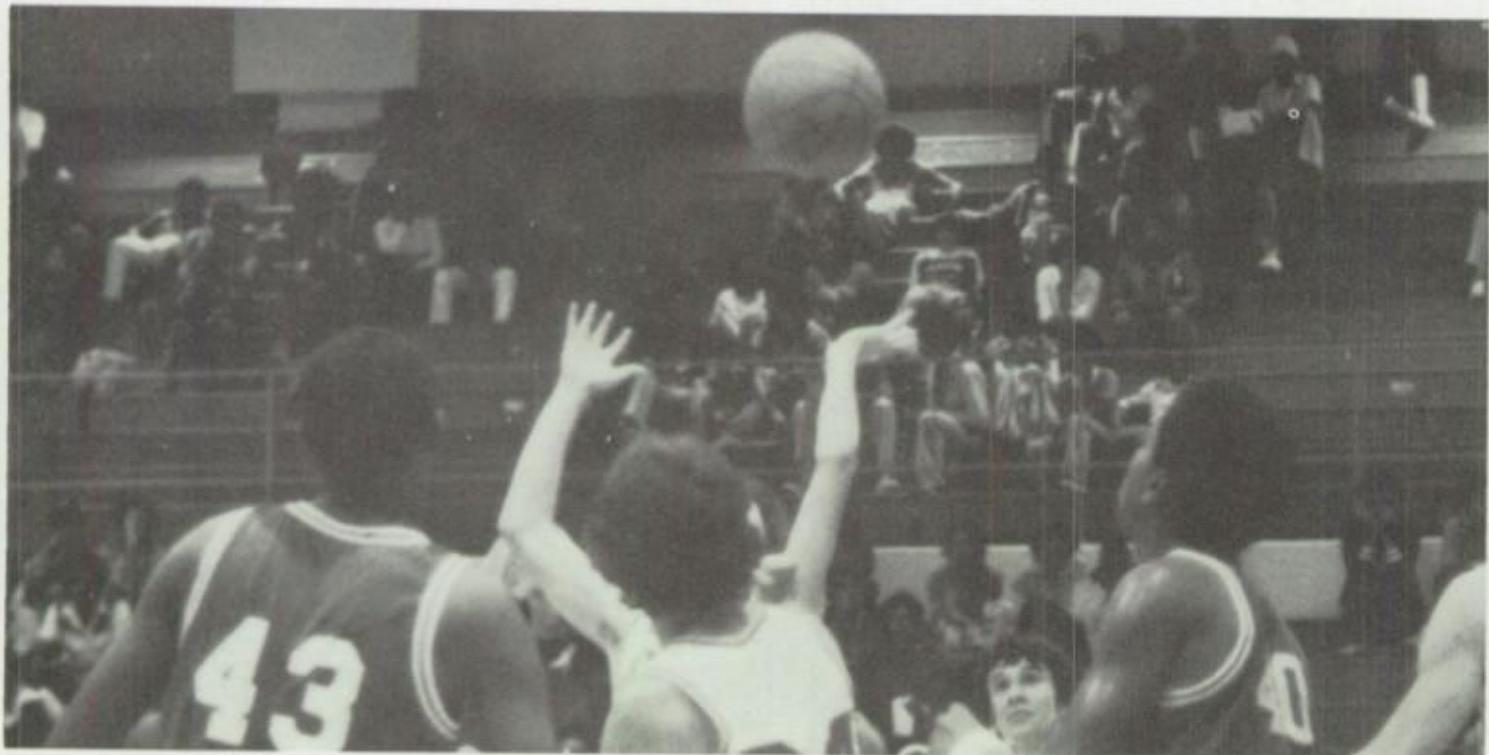

"And This Is All I Have To Say!"
Left — We're in trouble now.

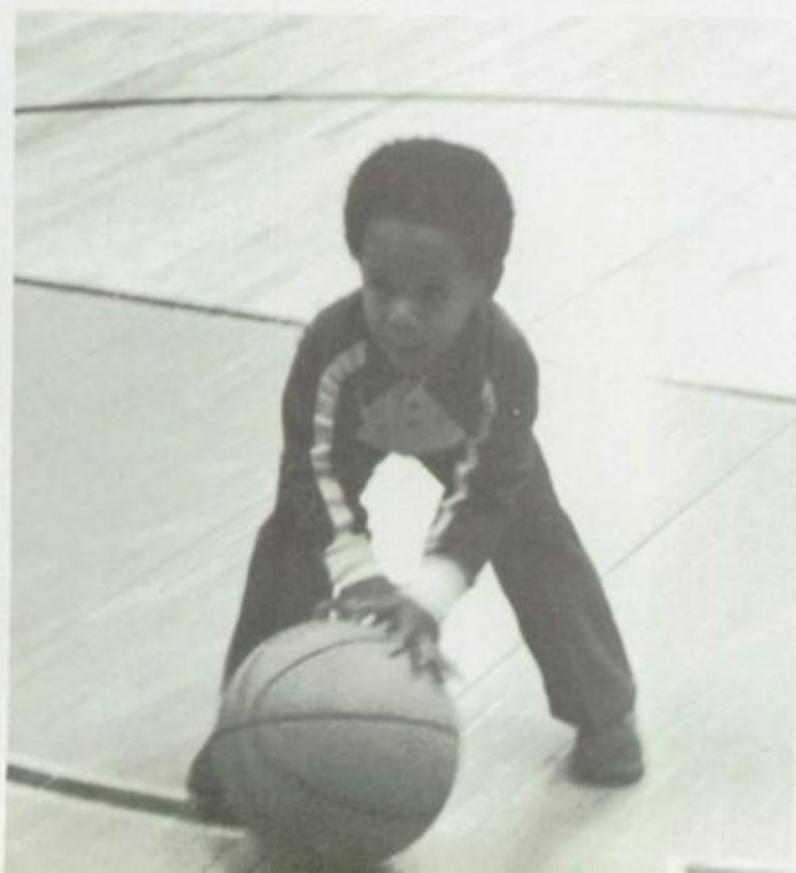

Coach Smith

Coach Smith attended high school at A. Wettermark, then went to Paul Quinn University in Waco, Texas, where he received a B.S. degree and a Master of Science Degree. He has been teaching basketball for seven years, two at Slocum High School and five years at Peabody Magnet. He advises basketball players to work hard because "Success is achieved through hard work and dedication."

CLUBS ORGANIZATIONS SPECIAL CLASSES

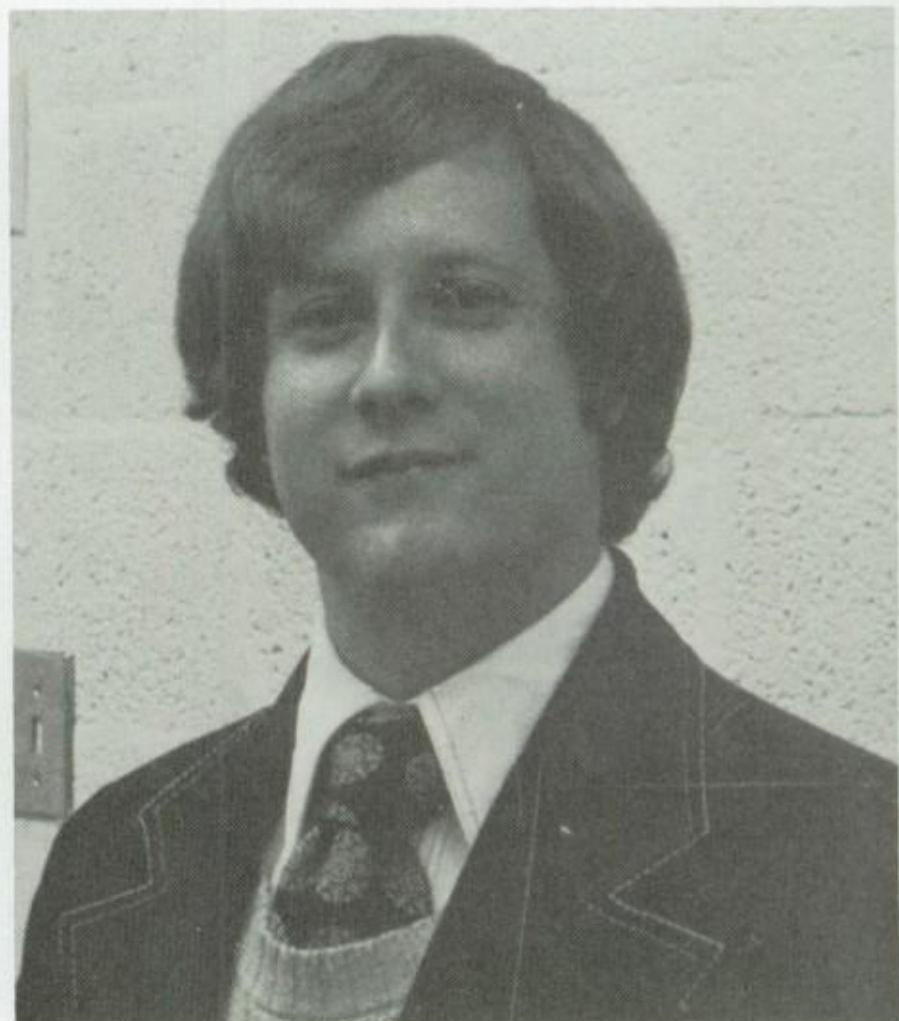

Student Council

The purpose of the Student Council is to serve as a mediator between the students and administration. This organization spends a great deal of time meeting the needs of students attending Peabody Magnet School.

The Student Council always seeks an understanding relationship among the students, administration, and faculty in striving to gain a better education for all students.

This year the members, under the supervision of the sponsor, Mr. Devanie, have been especially active in promoting dances, supplying and running the school store, sponsoring community projects and maintaining the school's main bulletin board.

Students at Peabody Magnet are gratefully aware of the leadership, enthusiasm and school spirit that this active organization generates.

Building Trades

The building trades class is one of the most unusual classes in the entire parish. In this class, the students learn house construction by actually doing it. They learn all phases of construction from following blueprints to adding the finishing touches. All of the construction, even the electrical wiring and plumbing, is done right in the back yard of the Peabody campus. Mr. Racine, the instructor, keeps a close watch on the construction and admits that building a house is hard work.

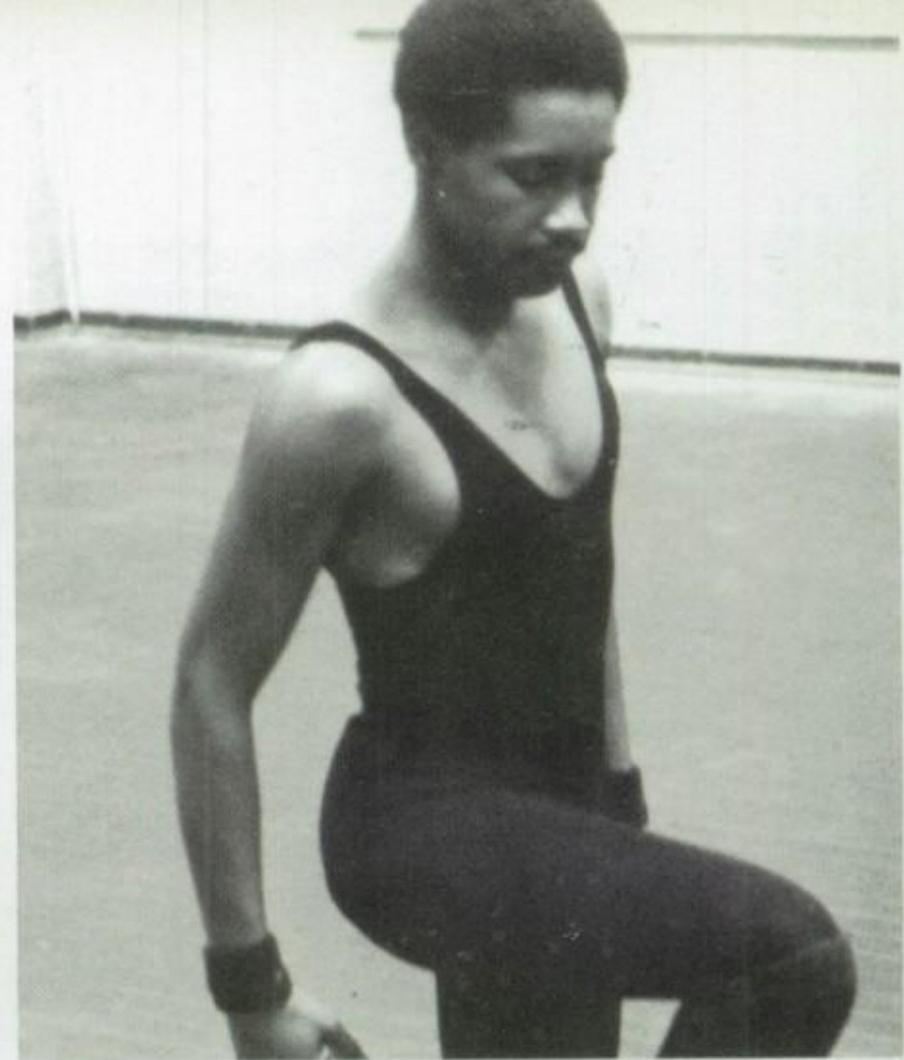

Auto Mechanics

A main course at the Aiken extended campus, Auto Mechanics, is a very practical course. The students who take part in the Auto Mechanics program learn many varied and complicated aspects of automobile repair. They do such a good job on the cars that many of the members of the faculty take their own cars to Aiken Campus when they need to be worked on. Mr. Jones, the instructor, stresses safety and the importance of doing things right.

The modern dance class has been a very popular addition to the curriculum at Peabody Magnet. The girls who participate in the class learn many different kinds of dance methods from interpretive to disco dance. The dancers not only present programs for Peabody students, but also travel to other schools to perform. Mr. Jones, the Instructor, is a new addition to Peabody's faculty.

Dance

Seated: Nancy Speer, President; Mary Aught, Secretary. Standing: Edwin Smith, Treasurer; Felecia Keys, Production Manager; Debra Cann, Vice President — Personnel; Evette Perry, Vice President — Advertising; Tommy Benjamin, Vice President — Sales.

Corporate World

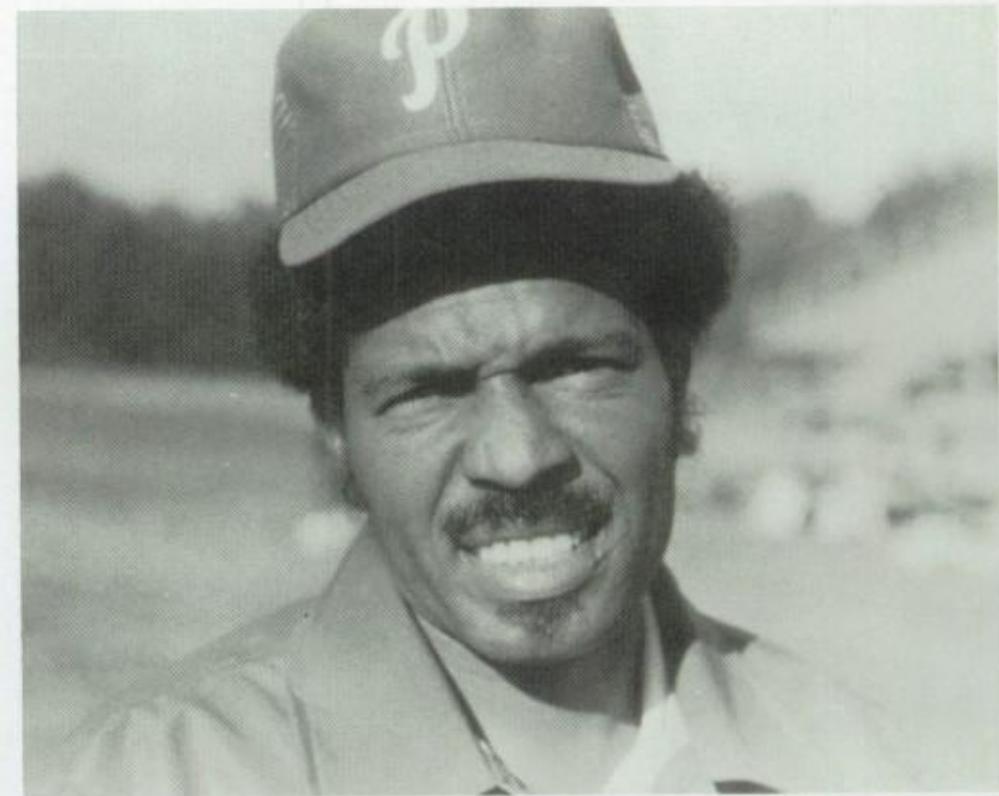

Corporate World, a new class this year, is taught by Mrs. Dufour. The students own and operate their own corporation, Magnet Industries. This Junior Achievement corporation is sponsored by the Western Electric company. The students gain first hand experience in operating a business. They handle all aspects of private business including profit sharing, research development, production of a product, advertising, and sales. The class presented Mr. Nichols, Rapides Parish School Superintendent, with a complimentary sample of the new product.

Industrial Arts

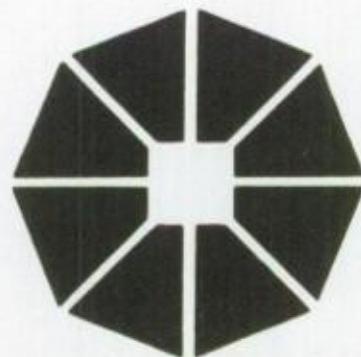

The Industrial Arts class is a new class at Peabody this year. The first part of the year is spent cleaning and renovating the shop. This class has worked hard for the first year under the instructor, Mr. Dearbone.
